

# Governor Charlie Baker's GIC Is Guilty of Malpractice

Attend an emergency meeting  
with public employees and  
elected officials

Voice your concerns about  
changes to our health insurance

**Tuesday, January 30 | 5 p.m.**

**Boston Teachers Union Hall  
180 Mount Vernon St., Dorchester**

With no input from working families affected by the decision, the Baker-controlled Group Insurance Commission voted to take away Massachusetts health insurance carriers available to thousands of active and retired public-sector employees and push them toward an Indiana-based company. Next, the GIC will be making decisions that will affect your out-of-pocket costs. ***We must act now!***

## **Our goals:**

- To have Governor Baker's GIC **rescind its decision to eliminate insurance plans** offered to active and retired public employees.
- To have Governor Baker's GIC **freeze out-of-pocket costs and prevent any changes to access to hospitals, doctors or benefits.**
- To **gain legislative support** for the public employee-backed bill that increases labor's representation on the GIC, **improving transparency** in the decision-making process.
