

**Union proposal re parking fees for AY 2021-2022**  
**Proposed July 19, 2021**

This proposal is based on the information provided by management about current parking fees at UMB.

For the AY 2021-2022, the union coalition proposes maintaining the current parking fees and the current system for payroll deduction for employees to purchase parking passes, with the following changes and additions effective August 9, 2021, or when the campus begins to charge for parking, whichever is later:

1. Continue the policy that undergraduate and graduate students have access to the least expensive parking options.
2. Make Semester passes (West Garage rate of \$440 and Lot D rate of \$405) available to Staff.
3. Make the Monthly passes (West Garage rate of \$122 and Lot D rate of \$112) available to Faculty.
4. Establish a 30-Day Pass available to all employees and students at the following rates: West Garage rate of \$195, and Lot D rate of \$180. These passes should allow multiple uses during the same calendar day without any additional charge.
5. Every employee or student who provides Parking & Transportation with their HP Placard will be provided with free parking.
6. All West Garage rates will apply to the Campus Center Garage once it reopens.
7. All Lot D rates will apply to the Bayside Lot when it reopens, and will apply to Lot D when it reopens.

In addition, the unions will continue to bargain in coalition over parking and transportation policies to address the anticipated closure of the Bayside Lot in June 2022.
